**In order to provide the best quality product we have set up the following ad submission guidelines:**

- Advertisements are to be submitted in **.ai or .eps VECTOR art formats with all text converted to outlines**. This type of file is typically created in Adobe Illustrator (version CS2 or earlier) or Corel Draw (version 12 or earlier).
- Parent photo pages can be submitted in PowerPoint (no fancy backgrounds as they will not copy), prepared to the size of advertisement purchased and laid out exactly as you wish the advertisement to appear.
- Customers will incur a \$50 per hour art charge for art not submitted in the format as specified above. If you have done business cards or previous advertising or promotions, it is very likely that your printer or advertising specialist will have your art in the correct file format. Please contact your art source directly to obtain your art.
- Email your final art to [info@bgpromos.com](mailto:info@bgpromos.com). If files are too large to email please send on disc to: BG Promos, 1025 Chasewood Trail, Alpharetta, GA 30005. Upon submission please include: company name, contact name, contact phone number, contact e-mail. BG Promos will confirm receipt of all art. If you do not hear from them within 3 days of submission, please assume that it was not received and resend.
